

Carla Thomas

Fire and Ice

Carla is an international wedding, portrait and events photographer who, for the past 15+ years has infused her love of storytelling into all areas of her photography. Initially focusing on travel and landscape photography, she has since trained her lens on a diverse range of subjects including weddings, portraiture and events. As a photographer Carla has always maintained a keen interest in the environment and the spirit and beauty of the natural world. Engaging with nature provides her with calm and meaningful surroundings in which to live and work.

Iceland has long held a fascination for Carla, her work in this exhibition was chosen to highlight the beautiful colours of nature in the landscape that speak to its nickname: the Land of Fire and Ice. In her photography, she seeks to simultaneously convey the beauty, fragility and calmness of nature. She hopes to communicate a sense of place that transports the viewer into the environment and arouses deep emotional connections.
